Project Design Phase-II
Solution Requirements (Functional & Non-functional)

Date	31 January 2025
Team ID	699ec790745871b04830f7fe
Project Name	VidyaMitra: The Intelligent Career Agent AI-Powered Resume Evaluator, Trainer & Career Agent
Maximum Marks	4 Marks

Functional Requirements:

Following are the functional requirements of the proposed solution.

FR No.	Functional Requirement (Epic)	Sub Requirement (Story / Sub-Task)
FR-1	User Registration	Registration through Form Registration through Gmail Registration through LinkedIN
FR-2	User Confirmation	Confirmation via Email Confirmation via OTP
FR-3	User Login	Login using Email and Password Login using Gmail
FR-4	Resume Upload	Upload Resume in PDF/DOC format View uploaded resume
FR-5	Resume Analysis	AI-based Resume Parsing Resume Score Generation Strengths and Weakness Identification
FR-6	Skill Gap Analysis	Identify missing skills Compare skills with job role requirements
FR-7	Training Recommendations	Suggest courses for skill improvement Provide learning resources
FR-8	Mock Interview System	Generate interview questions Record user responses Evaluate interview performance
FR-9	Career Progress Tracking	Display skill improvement progress Show interview performance reports
FR-10	Admin Management	Manage users Manage training content and interview questions

Non-functional Requirements:

Following are the non-functional requirements of the proposed solution.

FR No.	Non-Functional Requirement	Description
NFR-1	**Usability**	The system should provide a simple, user-friendly interface so that students and professionals can easily upload resumes, view analysis results, and access training recommendations without technical difficulty.
NFR-2	**Security**	User data such as resumes, personal details, and career information must be securely stored and protected using authentication, encryption, and secure API communication.
NFR-3	**Reliability**	The system should provide consistent and accurate AI-based resume evaluation and recommendations with minimal system failures or errors.
NFR-4	**Performance**	The platform should process resume analysis and generate career insights within a few seconds to ensure a smooth user experience.
NFR-5	**Availability**	The VidyaMitra platform should be available to users 24/7 with minimal downtime for continuous career guidance support.
NFR-6	**Scalability**	The system should be able to handle an increasing number of users and resume analyses without affecting system performance.
